## EVOLVEO EasyPhone D2

Android smartphone with easy operation and charging stand

EVOLVEO EasyPhone D2 was carefully designed for all users, who are looking for user friendly Android smartphone with high performance, quality camera with flash and high capacity battery. Fast and simple environment for seniors, visually impaired users and also for those, who do not like too many tiny icons on the screen of the phone.

### Well organized menu with large icons

The graphic environment was designed for fast and easy use; suitable to seniors, children, visually impaired individuals and people with motor skills disorder. Visually impaired and less experienced smartphone users will appreciate the simple and clear environment.

### Charging stand

The phone is supplied with the charging stand for easy battery charging.

### Dual Core power

Fast and low-power processor operating will provide enough power for a long time.

### Dedicated buttons

The phone is equipped with Screen Lock button, Volume Adjust button, On/Off button and dedicated buttons for Camera and Flashlight. There is the SOS button on the back of the phone. When it is pressed, the phone will automatically start to dial preset numbers and sends emergency messages.
