

**small and stylish**

**hp psc 950**  
printer, flatbed fax,  
scanner, copier

**create and share photos**

## photo quality

The HP PSC 950 colour printer, flatbed fax, scanner and copier features digital photo printing through three photo card readers – with or without a PC. It lets you easily create and share impressive photo, family and school projects and also helps you to get your paperwork done in a flash.

Offering all these functions in one product, it is the ideal complete solution for your home.

## all-in-one

**easily create and share photo and other projects using one compact device**

- Quick and easy direct printing, uploading to PC, and sharing digital camera photos with one of three photo card readers: CompactFlash™, SmartMedia™ and Sony Memory Stick®.
- Creative photo projects software lets you make the most of print and scan functions to easily produce fun projects like cards, invitations and photo albums.
- E-mail scanned photos or post them on the Web very simply.

**photo-quality colour printing, flatbed faxing, scanning and copying**

- Photo-quality colour printing at resolutions up to 2400 x 1200 dpi on photo paper, black text printing at 600 dpi.
- Colour printing at up to 10 pages per minute, black printing at up to 12 pages per minute.
- High-quality colour scanning at 600 x 1200 dpi, 9600 dpi enhanced resolution with accurate, 36-bit colours.
- Copying at up to 12 copies per minute in black and up to 9 in colour.

**a small, stylish and user-friendly device designed for home use**

- Thanks to its highly innovative design, HP's smallest flatbed all-in-one saves space and blends into your home environment perfectly.
- Its integrated software and intuitive control panel make it easy for everyone to use all functions.
- Clear and easy instructions let you set up and get going quickly.

# easy and fun to use

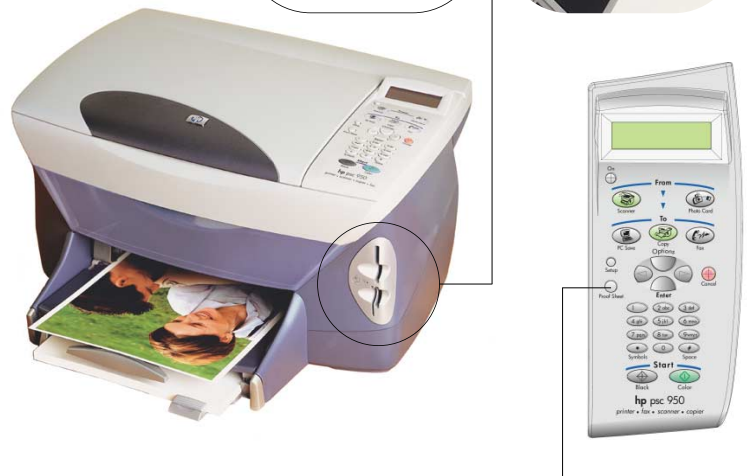

## ideal for printing and sharing your photos

The HP PSC 950 has been designed to make sharing and enjoying your family's favourite photos as simple as possible. The digital camera memory card slots let you print your photos directly – without using a PC.

Reviewing and printing your photos is a breeze: download them from the FlashCard™, Smart Card™ or Sony Memory Stick® (via the card slots in the printer). Press the front-panel key to make a photo proof sheet. Mark the images you want to print – and the sizes – on the sheet. Then scan it using the special "proof sheet" button. Finally, press (2) to print.

You can also download images from the memory cards direct to the HP Photo Center on your PC, where you can modify them, make creative projects such as albums and birthday cards, e-mail them to friends and family, or post them on a Website such as [www.cartogra.com](http://www.cartogra.com) or [www.MyFamily.com](http://www.MyFamily.com).

download your photos via FlashCard™, Smart Cards™ or Sony Memory Sticks® into the card slots on the right side

press the key on the front panel to make this photo proof sheet

### step 1:

to select photo(s), fill in bubble(s) underneath with a dark pen

### step 2:

select print options, select only one choice per section

number of prints:	image size (in.):	paper type:	
<input type="radio"/> single	<input type="radio"/> 4 x 6	<input type="radio"/> plain paper	<input type="radio"/> photo paper
<input type="radio"/> double	<input type="radio"/> 5 x 7	<input type="radio"/> premium paper	<input type="radio"/> photo-quality matte
	<input type="radio"/> 8 x 10	<input type="radio"/> 4x6 premium	<input type="radio"/> photo-quality glossy
		<input type="radio"/> 4x6 photo	

### step 3:

place proof sheet on glass at bottom right corner, press **proof sheet** then **(2)** for printing
