Note: Not all products may be available in all regions of the world.

High-speed, easy-to-use, reliable add-on storage—the portable headquarters for your digital life. Simply plug in your WD Passport Portable USB Drive to back up and save your valuable digital files.

Product Features

- Easy to use—simply plug it in and go.
- Maximum protection from data loss with a rugged, protective case and highly shock tolerant WD 2.5-inch hard drive.
- Small and light. Elegant, energy-absorbing, soft-touch case provides easy handling.
- Powered by the USB bus. No separate power supply needed for most systems.*
- Cool-running hard drive and specially designed case make this a cool, safe place for your data.
- Ultra quiet.
- Fast, 5400 RPM hard drive.
- Power-conserving design preserves notebook battery life.
- Protected by Data Lifeguard™.
- Safety tested—one of the few external drives with certification to meet all applicable safety requirements.

Applications

- Add storage instantly for all your business files, music, video, and games.
- Back up your existing notebook hard drive for extra data safety.
- Easily share files between computers.

System Requirements

PC

- Available USB port
- Windows® 98SE/Me/2000/XP

Macintosh®

- Available USB port
- Mac® OS v9.2.2 or Mac OS X v10.1.5+

Kit Contents

- WD Passport Portable USB 2.0 Drive
- 22-inch USB 2.0 certified interface cable
- Quick Install Guide

**An external power adapter may be required for the few laptops with limited bus power.*

The WD Promise

WD understands the importance of the information you save to your hard drive and we are committed to protecting that data with exceptionally reliable products, advanced data protection technology, and superior customer support. No one does more to safeguard your data than WD.

¹ WD defines a megabyte (MB) as 1,000,000 bytes and a gigabyte (GB) as 1,000,000,000 bytes.
Some operating systems use the binary numbering system which results in a lower reported capacity.

² A USB 2.0 host and USB 2.0 certified cable are required to obtain Hi-Speed USB performance.
